Hosted by: Dr Mehdi Rahimi (Endodontist)

Mehdi graduated with a Bachelor in Dental Surgery with distinction from the University of Otago (New Zealand) in 2002 and received his Doctorate of Clinical Dentistry (Endo) degree from the University of Melbourne in 2008. Mehdi has been an associate lecturer at the University of Sydney since 2002, and a guest lecturer at the University of Melbourne since 2009.

Dr Mark Johnstone (Endodontist)

This lecture aims to introduce Mark, the new associate endodontist at Gentle Endodontics to the community, whilst presenting a series of case presentations that highlight various aspects of contemporary endodontic practice.

Mark graduated with a Bachelor of Dental Science with Honours from the University of Melbourne in 2008. He was on the Deans Honours List and winner of the Ernest Joske Prize in final year dentistry. He worked in private practice in Melbourne for three years before beginning specialist training, graduating with the Doctor of Clinical Dentistry (Endodontics) in 2014 from the University of Melbourne.

Dr Bikram Sethi (Periodontist)

Integrating comprehensive implant therapy into clinical practice. This lecture is designed for the general practitioner and will involve a series of case presentations illustrating how a variety of implant cases have been managed. Case assessment, diagnosis and treatment techniques will be covered as part of this presentation.

Dr Bikram Sethi is a periodontist in full time private practice. He completed his undergraduate training from the University of Adelaide and his postgraduate degree from the University of Melbourne. In addition, he is a Fellow of the Royal Australasian College of Dental Surgeons (Perio).

Dr Zoe Potres (Prosthodontist)

This lectures aims to discuss the process of prosthodontics treatment planning in dentistry.

Dr Potres is a specialist prosthodontist; she completed her undergraduate dental training at the University of Adelaide in 2004. After working in Adelaide and Sydney for a number of years, she went on to complete a specialist training in prosthodontics at the University of Sydney.
