

Minimal Trauma Apical Molar Microsurgery

WITH PROFESSOR MAHMOUD TORABINEJAD, DMD, MSD, PHD

SATURDAY 21 SEPTEMBER 2019

When non-surgical endodontic procedures fail, endodontic surgery is an alternative to extraction and placement of a partial denture, bridge or an implant. During this lecture program, Professor Torabinejad will discuss when to retreat and when to perform surgical endodontics.

Various types of endodontic surgeries, including their indications, will be discussed. Steps in minimal trauma apical micro surgery (MTAMS) using innovative and new techniques and materials including flap designs, ostectomy, root end resection, root end preparation, root end filling, suturing and post-operative instructions will be presented.

Who Should Attend?

This course is open to all dentists, endodontists, other specialists predoctoral and postgraduates who are interested in obtaining insight and guidelines on how to perform surgical endodontics.

Objectives

HALF DAY LECTURE – Participants Will Learn:

1. Indications and contraindications for surgical endodontics
2. Steps involved in performing MTAMS and adjunctive surgical procedures
3. Outcomes of non-surgical retreatment, endodontic surgery, replantation, transplantation, and single implant

Program

MORNING

7:30 am	Registration
8:00 am	Welcome and Introduction
8:15 am	Lecture: Indications & Contraindications of surgical endodontics
9:30 am	Lecture: Steps involved in MTAMS and adjunctive surgical procedures
10:30 am	Morning Tea
11:00 am	Lecture: Outcomes of non-surgical retreatment, endodontic surgery, replantation, transplantation & single implant therapy
12:00 pm	Q & A
12:30 pm	Lunch

Course details

DATE: Saturday 21 September 2019

VENUE: Macquarie Uni Hospital
2 Technology Place
Macquarie University
(Ground Floor)
NSW 2109

About our Speaker

DR. MAHMOUD TORABINEJAD

is an adjunct professor of endodontics at the University of Pacific Arthur D Dogni School of Dentistry and University of California in San Francisco, an Affiliate Professor in the Department of Endodontics, University of Washington School of Dentistry in Seattle and former director of the advanced specialty education program in endodontics at Loma Linda University School of Dentistry. He has made over 200 national and international presentations in more than 40 countries. He has authored six textbooks and more than 350 publications. He is the Number 1 author of citation classics in the field of endodontics and regenerative endodontics. He received the AAE Ralph F. Sommer Award in 1986, the AAE Louis I. Grossman Award in 1993, and he received the Philanthropist Award from the AAE Foundation in 1997. As an individual who had displayed leadership and exemplary dedication to dentistry and endodontics, he is the recipient of the Edgar D. Coolidge Award of the AAE in 2016. In recognition of his significant pioneering contributions to health sciences, he received the Loma Linda University distinguished investigator award in 2013. He is a past president of the California Association of Endodontics and past president of the American Association of Endodontists and its Foundation.
